Overview:

South Korea, also known as the Republic of Korea, is a modern nation full of history. Once one united country on the Korean Peninsula, South Korea now is the southern part of a split Korea. North Korea, its neighbor, grabs many headlines here in the U.S. for its political views and relationship with the nations in the region. Regardless of what the media portrays, South Korea still very much desires to unite (when the time is right) with the North. With a large Christian population, South Korea is a wonderful place to serve alongside brothers and sisters in Christ from another continent while reaching even more people with the Gospel.

Ministry Description:

While in South Korea, you will be teaching basic English to children. Using YMI's SEEDS Curriculum ("SEEDS" stands for: Simple English for Everyday Situations), you will run English camps with the cooperation of a local church in a variety of settings and locations. During these camps you will have time for instruction, games, songs with motions and a chance to share about who Jesus is and how He has made a difference in your life.

Food and Lodging:

You will be staying in a local missionary's home, a mission guest house or a hotel. While you are there, food will be prepared for you by the local people. The food will consist of food common to the region.

Airport & Transportation:

YMI will arrange all of your transportation during your trip as it is included in the trip cost. You will fly into Seoul Incheon International Airport.

Visa & Passport:

You will need to possess a passport that will be valid at least 9 months after the date you enter the country. No visa is required to enter the country.

Vaccinations:

Please consult your doctor, local travel clinic, or the CDC (Center for Disease Control) website at www.cdc.gov for information on appropriate vaccinations for your country of destination.
